Type of device (Select from Dropdown)	Room	New	Existing	Make & Model

If any devices are being removed, please describe them here, i.e. "old woodstove removed from living room"

ASPEN/PITKIN COUNTY FIREPLACE AND WOODSTOVE REGULATIONS

In order to keep our air as clean as possible, the elected officials of Aspen and Pitkin County have passed ordinances to regulate the number of fireplaces and woodstoves that can be installed in any building. Building permit applicants must file a fireplace/woodstove registration with the City of Aspen Building Department or the Pitkin County Building Department before the building permit is issued.

Pitkin County is separated into 2 areas. One is the **non-attainment area**, which includes the City of Aspen and the Metropolitan areas of the county, and your Parcel ID will start with one of the following list:

2641-31	2643-26	2643-27	2643-34	2643-35	2643-36	2735-01	2735-02	2735-03
2735-10	2735-11	2735-12	2735-13	2735-14	2735-15	2735-22	2737-06	2737-07
2737-08	2737-17	2737-18	2737-19	2737-20	2737-21	2737-28	2737-29	

The other is the **attainment area** which includes the less densely populated parts of the county, i.e. Brush Creek Village, Holland Hills and Old Snowmass and the *parcel does not start with one of the six digits listed above.*

Decorative gas appliance: A device utilizing natural gas as a fuel gas designed to appear as a real fireplace with a 4 to 5 inch Class B vent or direct vent, fixed glass door and a firebox no deeper than 24 inches.

Certified Woodstove: Colorado Phase III certified woodstove or a Phase II EPA certified woodstove.

Gas log fireplace: Meet all codes for burning wood but are used with gas logs. They are not allowed in bedrooms.

NON-ATTAINMENT AREA IN PITKIN COUNTY:

New Residential Buildings

In the non-attainment area may have either 2 gas log fireplace or 2 certified woodstoves or 1 each. They may also have an unlimited number of decorative gas appliances. *Wood burning fireplaces and non-certified woodstoves cannot be installed.*

Remodeling or Addition to an Existing Home in the Non-attainment Area

- If the building has 2 or more fireplaces, gas log fireplaces or woodstoves, the only devices you can add are decorative gas appliances.
- If the building has 1 fireplace, gas log fireplace or woodstove, you may add 1 gas log fireplace and an unlimited number of decorative gas appliances.
- If a building has more than 2 fireplaces, gas log fireplaces; if one is affected by the remodel it must be removed.
- If a building has only 1 or 2 fireplaces, woodstoves or gas log fireplaces:
 - If the firebox of a fireplace is altered, and there is already another fireplace or wood stove, the fireplace must be converted to gas logs or removed.
 - If a woodstove is moved, it must be removed or replaced with a department certified woodstove.

ATTAINMENT AREA IN PITKIN COUNTY:

New Residential Buildings

The building may have one fireplace or woodstove and one gas log fireplace or certified woodstove. If there is no fireplace or woodstove, the building may have either 2 gas log fireplaces or 2 certified woodstoves or 1 each. The building may also have an unlimited number of decorative gas appliances.

Remodeling or Addition to an Existing Home in the Attainment Area

- If the building has 1 fireplace or woodstove, 1 gas log fireplace or certified woodstove and an unlimited number of decorative gas appliances may be added.
- If the building has one or 2 fireplaces, woodstoves, certified woodstoves or gas log fireplaces
 - If the firebox of a fireplace is altered and there is already another fireplace or woodstove, the fireplace must be converted to gas log or removed.
 - If a woodstove is moved, it must be removed or replaced with a department certified device.

Non-residential Buildings

Includes commercial buildings, restaurants, lodges, public buildings, and hotels in the attainment area of Pitkin County are allowed to have gas appliances.
