 Email: Anthony.Stoyko@sgs.com

Hours: 08:00 am to 05:00 pm Monday through Friday.

Notes: Given notification and depending on the circumstances, we will accept samples most any time day or night. Walk-ins a welcome but we do ask to have a heads up when possible. We also receive samples via USPS, FedEx, UPS and other couriers with Saturday deliveries upon notification. Depending on the location and time periods, we do provide sample pick-up. Sample bottles, chain-of-custody forms, and labels are provided if requested. We can provide preservation, but it is the sampler's responsibility to ensure samples are collected, preserved, and shipped according to established protocol. We can be consulted on sampling technique. After hours and weekend telephone calls are by answering machine.

Hours: walk in samples from 8:00 am to 5:00 pm Monday through Friday.

Notes: We are able to receive samples before-hours, after-hours, or on the weekend by appointment with me directly. I prefer to receive samples for total coliform analysis from Monday through Thursday before 4:00pm. Later arrival times or Fridays may be made by appointment only. Samples for E. coli (membrane filtration) analysis require a 24 hour notice, because we may need to prepare media.

Samples for heterotrophic plate count analysis are received on Monday through Wednesday. Thursday and Friday are by appointment only.
